

Name: _____

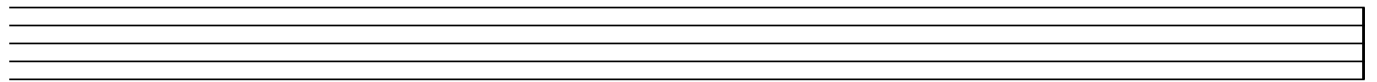

Date: _____

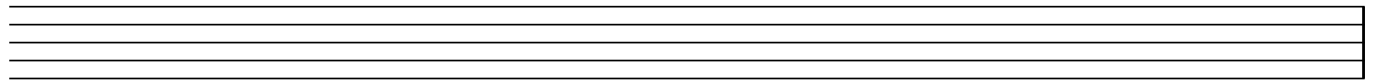

Cohort: _____

Learning Target:
- I can compose a simple song about food, using correct music notation.

Final Draft Directions:

1. On the top line, write the title of your song.
2. On the staff: draw your **clef** and the **notes + rhythms** to your song. Use one staff line for each line of your song (if your lyrics are too long, you may use the back).
3. On the line below the staff, write the **note names**.
4. On the second line below the staff, write the **lyrics** to your song.

Grading Rubric:

| | | |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p style="text-align: center;">4</p> <ul style="list-style-type: none">- The song is awesome and complete, and- The song fulfills all 5 song criteria, and- All notes on the staff match their note names (up to 3 mistakes), and- Clefs, notes, and note names are drawn neatly and clearly. | <p style="text-align: center;">3</p> <ul style="list-style-type: none">- The song is lacking one of the 5 criteria, or there are 4-8 mistakes or there are missing or unreadable components. | <p style="text-align: center;">1</p> <ul style="list-style-type: none">- The composition is incomplete, or- The song is missing 4 or 5 of the song criteria, or- More than one-third of the notes are drawn or labeled incorrectly, or- Clefs, notes, and note names are sloppy and unreadable. |
| | <p style="text-align: center;">2</p> <ul style="list-style-type: none">- The song lacks 2-3 of the 5 criteria, or one-fourth of the notes are incorrect, or much of the composition is sloppy. | |
